PERICOPES

These are the pericopes from which you can choose to be your focus for this class. Note that the pericope you choose will commit you to a date for presenting it according to the course schedule. For the presentation, you will work with the others who have signed up for that day's text. No more than two people should sign up for the same pericope (except for 2.12-18 where three may work together). You may choose to combine two consecutive pericopes as your focus.
